

Combined Track Program

As a CMSD major, students can apply to Piedmont University's Combined Speech Language Pathology program in Fall Semester of Junior Year. If accepted, during their senior year, students will enroll in the graduate section of specific courses (see identified below) while they complete their BS degree. Following their senior year at Piedmont University, students will fully transition into the master's program. Students will graduate from Piedmont University with both a Bachelor of Science degree (BS) in communication sciences & disorders and a master's degree (MS) in speech-language pathology. If not accepted, students will complete their BS in CMSD at Piedmont and have the opportunity to apply to the MS program.
